METROPOLITAN ENDOCRINE CENTER - CLINICAL SUMMARY

Patient Name: Priya Nair | Age: 34 | Sex: Female | UHID: END-THYR-2026-1007
Consulting Endocrinologist: Dr. Raghavendra Iyer, MD, DM (Endocrinology)

CHIEF COMPLAINTS:

Unintentional weight loss of 7 kg over 2 months despite increased appetite, resting palpitations, heat intolerance, fine hand tremor

PRIMARY DIAGNOSIS:

1. Primary Hyperthyroidism secondary to Graves' Disease.
2. Thyrotoxic Sinus Tachycardia.
3. Mild Graves' Ophthalmopathy.

CLINICAL INVESTIGATIONS & LAB RESULTS:

- Serum TSH: <0.01 mIU/L (Markedly suppressed, Ref: 0.4-4.5)
- Free T4 (fT4): 3.8 ng/dL (Elevated, Ref: 0.8-1.8) | Free T3 (fT3): 11.2 pg/mL (Elevated)
- TSH Receptor Antibodies (TRAb): Strongly Positive (8.4 IU/L)
- Resting Heart Rate: 116 bpm | Blood Pressure: 134/76 mmHg
- Complete Blood Count: WBC 6,800 /mcL, Absolute Neutrophil Count (ANC) 4,100 /mcL (Normal baseline)
- Liver Function Test: AST 28 U/L, ALT 31 U/L (Normal).

DISCHARGE MEDICATIONS & PRESCRIPTION:

1. Tab. Carbimazole (Neo-Mercazole) 10 mg - 2 tablets (20 mg) orally twice daily after meals (Antithyroid drug).
2. Tab. Propranolol 40 mg - 1 tablet orally twice daily morning and evening (Beta-blocker for tachycardia and tremors).
3. Carboxymethylcellulose 0.5% Eye Drops - 2 drops in both eyes 4 times daily (Lubricating drops for ophthalmopathy).
4. Tab. Calcium + Vitamin D3 - 1 tablet daily after lunch (Prevents thyrotoxic bone loss).

CONTRAINDICATIONS & MEDICATION ALERTS:

- AGRANULOCYTOSIS WARNING (CRITICAL): Carbimazole can rarely cause severe drop in white blood cells (agranulocytosis).
- HEPATOTOXICITY ALERT: Monitor liver enzymes; report yellowing of eyes or dark urine.
- Do not stop Propranolol abruptly as it may trigger rebound tachycardia or thyroid storm.

DIETARY & LIFESTYLE GUIDANCE:

- Avoid iodinated contrast dyes, kelp, seaweed, and excess iodine supplements.
- Strictly avoid caffeine, energy drinks, and smoking (smoking worsens Graves' eye disease).
- Wear UV-protective sunglasses outdoors and elevate head of bed at night.
